GUIDELINES AND REGULATIONS FOR PARTICIPATING IN INCRIDEA 2023

Incridea is a National-level techno-cultural festival that offers a variety of events for technical Institutes across the country. This festival is open to all students; However, some events are exclusive to select colleges in the country. This article outlines the guidelines and regulations that participants need to follow while participating in the festival.

EVENT REGISTRATION:

- ◇ Some events such as Battle of the Bands, Couture, Vibe, Stomp That, and Navarasa are open to all colleges in the country.
- ◇ To register for these events, participants must receive an invite from their college.
- ◇ Further information regarding registration can be found under special/core events.

PARTICIPANT IDENTIFICATION:

- ◇ All participants must present a valid PID (Participant Identification) during registration.
- ◇ The PID provided must belong to the participant registering for the event, and the organizers reserve the right to verify its authenticity.
- ◇ Any participant found to have provided false or misleading information will be disqualified.
- ◇ Participants are responsible for ensuring the accuracy and validity of their PID and other personal information. Failure to provide a valid PID will result in the participant being ineligible to participate in the event.

RULES AND REGULATIONS:

- ◇ Participants must follow all the rules and regulations set forth by the college.
- ◇ Any unruly behaviour may lead to disqualification of the team and expulsion of the participant from the festival.

PROHIBITED CONDUCT:

- ◇ The consumption of alcoholic drinks, use of hallucinogenic drugs or other illegal substances on the campus premises is strictly prohibited.
- ◇ Any person attempting to enter the campus after consuming such substances shall be debarred from doing so.

EVENT RULES:

- ◇ The organizers of any event hold the right to change the rules of their event prior to its commencement as they see fit, without any obligation of notice.
- ◇ NMAMIT/NITTE University is not responsible for any loss or damage to participants' personal belongings.

ENTRY AND ACCESS:

- ◇ Entry for events and pronites will be via the Incridea app or website.
- ◇ Attendees must present their college IDs along with a valid government-issued ID proof (Aadhaar, driving license, Voter ID, etc.) to access the event and pronites.

PARTICIPANT CATEGORIES:

Four different categories of participants are permitted to participate:

1. NMAM Institute of Technology students who pay ₹200 will have access to all events and pronites.
2. Engineering college students, other than NMAMIT, who pay ₹300 will have access to all events and pronites.
3. Non-engineering college and Nitte sister college students who pay ₹300 will have access only to Core Events and pronites.
4. Invite-only participants who pay ₹150 will have access to the one core event they were invited to. If the invite-only participant is a college student and wants to attend pronite, they will have to register as given in point 3.

- ◇ By participating in Incridea, participants agree to abide by the guidelines and regulations outlined above. Any participant found violating the rules may be immediately expelled from the campus.
- ◇ Their registration for all events may be cancelled, and they will be penalized appropriately. NMAMIT & NITTE University reserve the right to take any appropriate legal actions in any case that requires it.

CULTURAL EVENTS

Better be Letter

About the event:

It's time to put down the books and podcasts and start playing some word games, if you want to get better at grammar.

Bits With Benefits

About the event:

Bits with Benefits is a retro gaming event that celebrates the golden age of video games. It's a gathering of gaming enthusiasts who appreciate the simplicity and excitement of classic games from the 70s, 80s, and 90s. Usually, retro gaming is based upon systems that are outmoded or discontinued, although ported retro gaming allows games to be played on modern hardware via ports or compilations.

Event details:

Round 1: Classic Arcade Pacman

- The competition will be based on the classic arcade version of Pac-Man.
- Participants will be given 7 minutes to play the game and achieve the highest score possible.
- The game will end either when the time limit is reached, or the player runs out of lives. Elimination will be done based on scores.

Round 2: Asteroids

- The game has a time limit of 10 minutes.
- The game will end either when the time limit is reached, or the player runs out of lives. The qualification for the next round is based on the player's score.

Round 3: Final Round

- The best players of the first 2 rounds will compete head on against each other.
- The game will be a surprise PC game and shall be challenging one as well.
- Get ready for the ultimate showdown where only the strongest will survive.

Rules and regulations:

- Participation will be on individual basis.
- Organizers will introduce random twists and challenges in the middle of the games.

- Participants should not engage in any behaviour that is unsafe or violates any college policies or regulations.
- Participants should be respectful towards each other and the event organizers.

Judging criteria:

- Skill
- High score

Improv

About the event:

Can you improvise a topic better than we can improvise this description? Are you spontaneous enough to be the wittiest one among them all? Do you have the itch to make a joke out of every possible scenario? If so, come showcase your skills because this event is just right for you!

Event Details:

Round 1: Questions Only

- The point of the game is to hold a conversation using only questions. Players take turns asking questions to each other, and the first person to say a statement is out.
- No question tags allowed and there shouldn't be any repetitive questions; the trick is just to get another player to fall into the habit of automatically answering a question.
- Only one person from a team can participate.
- Questions only will be in English by default, if one of the teams wants to use a different language, then they can use it only if the opponent team is also using the same language.
- **Elimination Round: Varnamala**

Note: Varnamala round is optional and will take place only if the teams get eligibility. Two Players from opposing teams perform on a given scene.

Round 2: Emotional Atyachar

- The scene will be divided in 4 quadrants and allocate 4 different emotions to each quadrant. · The scene will be given on spot.
- Players improvise a scene, but need to take on the emotion of the quadrant they are in.
- The players must switch to the emotion mentioned in each quadrant voluntarily, and make the best use of all the 4 emotions to complete the scene.

- The act will be judged based on the efficient use of all emotions and regular movements in the quadrant.

Round 3: End Game

- The moderator randomly picks a scene and the roles will be assigned.
- Additional clauses and props may be placed by the moderator during the performance.
- Scene is judged based on the comic timing and the way scene is executed.

Rules and Regulations:

- Participants can enter the event only as a team of 2 members.
- The rounds can be performed in English, Hindi, Kannada or Tulu.
- The teams must adhere to the spirit of healthy competition.
- The decision of the judges and organizers will be final.
- Participants are not allowed to mention the real names of any political entity or religion at any point in their act.
- Controversial topics should be avoided.

Judging Criteria:

- Judgement will be based on timing, expressions, emotions and execution.

JAM

About the event:

Just A Minute is based on the popular Radio and TV Game Show where participants are to speak on a given topic without hesitation, repetition, or deviation. Participants can score points by making valid objections to Speaker's choice of words or on the Challenges added in every round by the JAM Master. The game is a fun and entertaining way to hone your English-speaking skills as well as find faults in other participants to compete for the Winning spot.

Event Details:

Round 1:

- Participants must speak for one minute on a given topic.
- Goal is to demonstrate speaking skills and ability to think on your feet.

Round 2:

- This will be a standard buzzer round of a JAM competition.
- The JAM master reserves the rights to conduct the round as they see fit.

Rules and Regulations:

- Individual participation
- Participants must speak fluently.
- Try not to stutter, stammer, speak too fast or be incoherent.
- Start with the words of the topic, only when the topic is given to you.
- Pay attention and try to identify the opponents' mistakes.
- No repetition of ideas permitted.

Judging Criteria:

- The JAM master's decision is final. You may try to convince him but not argue with his decision.
- Prime importance will be given to fluency, choice of words, timing, idea etc.

Kalakaar

About the event:

Anything that can be written or thought of can be filmed. They say a picture is worth a thousand words then a film is worth a thousand times more. If you are an author whose novels are films, Kalakaar is where you should publish!

Event Details:

- Theme of the movie to be made is '**DREAM**', participants can take any approach on the given topic.
- The governing rules will be announced on the spot.
- On the final day of the fest, the short movie will be collected by the organisers and graded.

Rules and Regulations:

- A team can only have a maximum of 10 participants.
- The movie could be shot anywhere.
- No individual can be a member of more than one team.
- The movie should be within the time limit of 5-10 minutes.
- The movie shouldn't have any offensive/explicit/vulgar language or scenarios.
- The movie can be shot on any camera and should have a minimum quality of 720p and maximum of 1080p.
- The movie must be submitted to the organisers on the last day of Incridea'23 i.e. 29th April, before 10:00 AM.
- Languages permitted English, Kannada, Tulu and Hindi.
- The decision of the judges will be final.

Khaamoshh!

About the event:

If you're a passionate movie lover and envision yourself as the lead character in the movie of your life and can convey your emotions without uttering a single word, then Khaamoshh! is the perfect event for you. Elevate your entertainment skills and bring your team to participate in the ultimate acting showdown.

Event details:

Round 1: The MindFizz

- Teams will be given a set of questions related to movies (Bollywood/Hollywood/Sandwood).
- There will be 40 questions to be solved in 60 minutes (Pen and Paper mode)
- Based on the scores, the top teams will qualify for the next round.

Round 2: Pictoword

- A combination of pictures that form the movie/song name will be displayed on the screen.
- The participants must guess the movie/song name from the pictures they see on the screen.
- Teams that achieve the maximum number of correct guesses qualify for the next round.

Round 3: Listen Up!

- A popular Bollywood song or a well-known dialogue from a movie will be played, and all participants are required to identify the movie title correctly.
- Teams that achieve the maximum number of correct guesses qualify for the finals.

Round 4: Battle of the Charade

- Teams will be given a list of movie titles (Bollywood/Hollywood) to act out within a fixed time limit.

- The goal is to get your team to guess as many names correctly as possible within the time limit.
- The person acting is not allowed to verbally communicate with the team members. Sounds like rhyming, phonetics, codes, and cross-referencing are prohibited.
- The winner team is the one with the greatest number of accurate guesses.

Rules and regulations:

- The use of cell phones or any other electronic devices is strictly prohibited.
- No communication with neighbouring teams will be entertained.

Judging criteria:

- Accuracy
- Timing
- Acting Skills

Respawn

About the event:

Gamers! Done with the slow-monotonous-daily life? Welcome to the pavilion. Let the heartbeats reach your ears and the breaths reveal the fierceness.

If hitting a football gives you the real kick or shifting the gears sets you up in the air. Perhaps the sound of the Vandal recoils your soul.

Then you are not just a player, you are a gamer. RESPAWN welcomes all the gamers to the battleground. Form up and show everyone your squad's synergy.

READY STEADY WIN

Rules and Regulations:

- Teams found using cheats or patches in any manner will be disqualified.
- Limited seats on the basis of first come first serve.
- Participants must bring their own consoles for games.
- Players/team captain will be contacted before the game commenced.
- The number of rounds will be decided on the number of players/teams.
- The cash prizes will be decided by the organizers later.
- A player cannot play with multiple teams in a particular game.
- All the PC games will be played on the lab computers.
- The Internet will be provided for PC games not for mobile games.
- The Internet will not be provided to download mobile games.
- Each game has a team/participant limit of 40 seats.
- 25 seats are for students of NMAMIT, and 15 seats are for students from other colleges.

A team consists of:

GAME	PARTICIPANTS LIMIT
1. FIFA	1

Riff-Off

About the event:

A sequence of vocals thrumming to a beat, a chain of songs, and you're in for a melodious treat. We present to you Riff-Off - Antakshari with a twist.

Come sing along because those who wish to sing always find a song.

Event Details:

Preliminary Round:

- A total of 30 questions will be given with options. The maximum time allotted is 40 minutes. The top 8 teams will be selected for the next rounds.

Round 1: Anthra-Mukhda

- In this round, the team has to sing the song in vocals as asked by the judges. Mukhda is the initial line of the song and Anthra is the second stanza of the song.

Round 2: English-Vinglish

- In this round, the team has to guess the Bollywood song from its hilarious English translation. This is a buzzer round. The one to answer first, gets the points.

Round 3: Jodi Round

- Each team will be passed a bowl containing some chits. Each chit will carry the name of actor-actress Jodi. The team has to sing a duet song of that pair.

Round 4: Prop Round

- The participants have to sing a song having the word of prop displayed on the screen.

Round 5: Dhun Round

- In this round, the starting lines of the song is played and the teams have to sing the following lines and guess the song.

Round 6: Movie Clip Round

- A movie clip will be played and the teams have to guess the song and the movie name.

Rules and Regulations:

- Participants can enter the event only as a team of 3 members.
- All songs will be in Hindi.
- The game will be played in the form of a buzzer round, and in case of ambiguity, the Judges' decision will be final.
- Specific rules will be announced before the event.
- The total duration of the event will be three hours.
- The Judge's decision will be final.

Judging Criteria:

- Time taken and perfection of the song will be noted to award with a score of 10 points each.

Roadies

About the event:

Are you ready to get the best out of yourself as an individual and as a team member? Rise to the challenge and see if you have what it takes to be the ultimate ROADIE.

Event Details:

Round 1:

- Participants contest in teams of 4.
- Each team must be formed by the contestants themselves. If any contestant is unable to form a team, the organizers will assign them to a team based on availability.
- Each team must perform a set of tasks based on which team eliminations will be done.

Round 2:

- Participants contest individually.
- They are assigned set of tasks which assess their communication skills and physical abilities.
- 'Gang Leaders' select the qualifying participants into their 'Gangs' (teams).

Round 3:

- Participants contest in 'Gangs'.
- The 'Gangs' perform sets of physical tasks, with the support of their respective 'Gang Leaders'.
- In this round, participants will be evaluated based on both their individual performance and their team's performance.

Round 4:

- Participants contest individually.

- The participants will be given forms to fill, where they need to answer a set of questions.
- This will be followed by a stress interview, which will determine the ultimate winner of the event.

Rules and Regulations:

- The decisions made by the judges and organisers are considered final and cannot be appealed.
- The use of vulgar or offensive language, personal attacks on individuals regarding their character or physical appearance, and disrespectful behaviour towards the judges is strictly prohibited.
- Any violation of these rules may result in disqualification from the event.

Judging Criteria:

- Physical fitness and endurance
- Problem-solving ability
- Communication Skills
- Professionalism and attitude
- Ability to work in a team.

Shutter Up

About the event:

Shutter Up is an incredible opportunity for photographers of all levels to showcase their talents and tell a story that transcends words. Whether you've spent months preparing for the perfect shot or captured a fleeting moment on a whim, this event is your chance to share your vision with the world. With a single click of the shutter, you can create an image that resonates with viewers for a lifetime. So, focus your lens, tune out distractions, and get ready to capture something truly unforgettable.

Event Details:

Round 1:

- The preliminary round will test the participants during the competition, organizers may ask participants to click pictures on a given theme. The theme will be given on the day of the event.

Round 2:

- The Round 2 begins with shutter speeds fast, and lenses aimed to capture the past. We roam the streets with a watchful eye, in search of scenes that catch the eye.

Round 3:

- In the final round, participants will be given a theme. Each team should click pictures and build a story based on the theme.

Rules And Regulations:

- Any number of teams from a college are allowed to participate, with each team comprising of 3 members.
- On-spot event registrations are permitted before the commencement of the first round, subject to availability.

- Participants must present their college ID and PID for verification purposes.
- Any camera, including mobile cameras, can be used to take pictures. Soft copies of the clicked pictures must be submitted.
- The topic for the competition will be announced on the spot, and pictures must be clicked strictly within the campus.
- The submitted photos must be original, and the usage of software filters or any other form of photo manipulation is not permitted. Violation of this rule will result in direct disqualification.
- Participants must submit their pictures within the provided time limit. Any downloaded pictures, use of the internet or other forms of malpractice are strictly prohibited and will result in disqualification.

Judgement Criteria:

- There will be only two winners.
- The judges' and organizers' decision are final.
- Pictures will be evaluated out of 50 based on the quality, creativity, and the story behind the picture as explained by the participant.

TALENT HOUSE X

ABOUT THE EVENT:

Your individual talent is what makes you stand out from the crowd. Although everyone is born with it, not everyone is aware of it. For those who are enthusiastic about showcasing their abilities in a variety of fields, such as music, dance, and art, Talent House X is the place for you to be at. So, if you've found the X factor within you, it's time for you to get on the stage and captivate the audience with your performance.

EVENT DETAILS:

Round 1: Curtain Raiser

- Participants can only perform in the category of talent mentioned during the registration.
- Based on the scores allotted by judges, the shortlisted participants will move to Round 2
- Prior requirements for the performances (like mikes, audio jacks etc) need to be brought to the notice of the organizers two days prior to the event (resources will be provided if it is feasible)
- Participants will be given 3 minutes to complete their performance, and extra 2 minutes is allotted for necessary stage arrangements and clearance.

Round 2: The Showdown

- Participants selected for this round must perform in the same category as mentioned during the registration.
- This will be the final round.
- Participants will be given 5 minutes to complete their performance. And extra 2 minutes is allotted for necessary stage arrangements and clearance.

Rules And Regulations:

- Any number of entries per college is permitted.
- Participants can perform individually or as a group. No gender restrictions on team constitution are imposed.
- Participants are not allowed more than one appearance in each round.
- Only the 'stated' talent at the time of registration is allowed for the first round. Otherwise, it remains in the rights of the organizers to call for direct elimination, unless it is clarified.
- Participants are not allowed to introduce themselves to the judges throughout the event.
- Participants must be present 2 hours before the commencement of the event and submit the songs and other media file if any, through pen drive only.
- Participants must inform the organizers if they are taking part in any other event during the time slot allotted to them to perform in Talent House X.
- Participants are not allowed to interact with the judges without the organizers' permission.
- Vulgarity will not be entertained as an element and will result in direct elimination.
- Performances based on sensitive matters and political issues are strictly prohibited.
- Props can be used as per participant's requirements. A strict prohibition on the use of fire, water, oil, colours, or smoke.
- Performances exceeding the given time limit will result in deduction of points.
- Participants are responsible for the cleanliness of the stage after the performance.
- Judges' and organizers' decision is final.
- Pre-event registrations are appreciated.

Judgement Criteria:

- Technical Ability (quality, precision, instruments or props usage, choreography, co-ordination)
- Creativity (uniqueness, creativity in delivering act)
- Professionalism (confidence, ability to communicate with audience)
- Preparedness (well prepared, appearance, proper usage of props)

Vogue

About the event:

Vogue is a Cosplay Convention where participants dress up as a character from a work of fiction such as anime, video games, cartoons, Bollywood, Hollywood, and web series. In addition to creating authentic costumes, the cosplayers also act in character. This event is a form of self-expression and creative outlet for fashion enthusiasts. It allows them to explore their creativity, connect with people who share their interests and serves as a platform for cultural exchange.

Event Details:

Round 1:

- A rapid category-based ramp-walk to showcase the costume and the character of the contestant.
- Participants will qualify to the next round based on the outfit, relevance to theme, style, and overall impression.

Round 2:

- The contestants are organized into teams and tasked with impromptu performances, wherein they portray a given scenario while staying true to their character.
- Audience poll to choose the best team and top performers from each category.

Round 3:

- The finale comprises a ramp walk by the leading competitors, succeeded by a Q&A session with the judges, who pose queries pertaining to their respective character.
- The winner will be determined, in part, by an audience poll.

Rules and Regulations:

- This is a solo-entry event.
- The decision of the judges and organizers is final and irrevocable.

- Participants are not allowed to mention the real names of any political entity or religion at any point in their act. Controversial topics should be avoided.

Judging criteria:

- Relevance to theme
- Overall Impression
- Costume and style

Code Studio

About the event:

If you possess strong coding skills and have a passion for coding, then Code Studio offers an excellent platform for you to showcase your abilities. With four rounds in total, this is a perfect opportunity for you to put your coding skills to the test and prove your expertise.

Event Details:

Round 1: Preliminary round

- The round requires participants to solve 30 multiple-choice questions within 30 minutes.
- In case of a tie, tie-breaker questions will be provided and assessed to determine the winner.
- The top 40 teams with the highest scores will qualify for the subsequent round.

Round 2: Encode the Output

- Participants will receive a set of outputs and will be required to write corresponding codes.
- Evaluation criteria include speed and accuracy.
- Each team/participant will have a maximum of one hour to complete the task.
- Hard coding is not permitted.
- The top 15 teams will advance to the next round.

Round 3: Finding Bugs

- Teams will be given a program or snapshots with error messages or bugs.
- The task is to debug the program and obtain the desired output.
- The time limit is 1.5 hours.
- Evaluation criteria will be based on the number of questions debugged and outputs obtained.

- The top 7 teams with the highest number of questions debugged and outputs obtained will qualify for the next round.

Round 4: Betting on your code

- Each team will be provided with certain points, and one question will be displayed to all the teams each round for a given specified amount of time.
- Every team must bid a minimum of 25% of their respective points to the question in every round.
- The teams cannot refrain from bidding.
- The team that solves the question first will be rewarded with all the points bet by that team and the points bet by other teams for the same question. The team to finish second will get 50% of what the first team gets, and the remaining teams with correct answers will get 10% of what the first team gets if they solve the question within the given time.
- The teams that have points less than or equal to 15 should bid all their points on the present round question.
- Team who has 0 point or are unable to bid further are eliminated and the team with the highest points will be declared as the winner.
- Teams can bet up to a threshold point and cannot change once they bet on one question.
- Teams can clarify their present points only during the round. Point clarification after the round will not be accepted.
- Team with the maximum points will be declared as a winners

Rules and Regulations:

- 2 members form a team.
- The use of mobile phones or any other electronic devices is strictly prohibited during the competition.

- Teams are also not allowed to communicate or collaborate with neighbouring teams.
- Organizers have final decision in case of conflicts.

Judging Criteria:

- Coding speed
- Acceptability of code

Cyber Siege

About the event:

Explore the CTF! Capture The Flag (CTF) is a platform to show-off your hacking skills and flex your problem solving skills. Through a series of problems in the Web Exploitation, Forensics, Programming, Packet Analysis, Binary Exploitation, Cryptography, Steganography, and some miscellaneous categories.

Event Details:

Round 1: Aptitude Round

- Time allotted is 20 mins.
- 30 questions on aptitude, recent technologies, programming computer networks and cryptography.
- Participants who qualify this round will participate in the second round.

Round 2: Jeopardy-style CTF

- A couple of questions (tasks) in a range of categories: Web Exploitation, Forensics, Programming, Packet Analysis, Binary Exploitation, Cryptography, Steganography and some miscellaneous categories will be asked.

Rules and Regulations:

- It is compulsory to bring your own laptops and it is recommended to use your own system/laptop.
- Attacking the other teams will lead to direct disqualification.
- It's strictly prohibited to perform any kind of Denial of Service Attack (DoS/DDoS) against the servers or the Infrastructure.
- DO NOT use Brute Force on the flag submission system because the flags cannot be guessed.

- DO NOT try to exchange flags or write-ups during the competition.
- DO NOT share recent discoveries related to challenges publicly on IRC channels WhatsApp, Facebook or any other social networks/messaging app, nor in any other way with the contestants of other teams.
- You are free to use any software that is open source/free or written by you. The judging is done automatically through software and will be based on points. If your team and another team are tied, then the decision will be based on the lowest total time.

Judging Criteria:

- The number of flags submitted and their correctness in the shortest period of time.

Engine Overhaul

About the event:

Are you someone who can recognize a vehicle by just hearing its engine rev? Are you a petrol head, a two stroke lover, or an Auto Enthusiast? It's time to put your passion and joy to test.

Start your Engines and get ready to Overhaul!

Event Details:

Round 1:

- It involves a written test which will test your knowledge of automobiles.
- Top 15 teams from the written test will proceed to the second round.

Round 2:

- Participants must correctly identify the engine parts and mention their functions, based on which they will be scored.
- Top 6 teams will proceed to the final round.

Round 3:

- It involves fixing an already overhauled engine.
- A video will be shown on how to fix the already overhauled engine. The participants must observe carefully and assemble it according to the instructions.
- The teams will have to assemble the engine with the smallest number of errors in the least amount of time.
- The number of errors (each error will cause reduction in points), and the time utilized will be taken into consideration to declare the final winners.

Rules and regulations:

- A team should consist of 3 members who are of the same college.
- An individual should be a member of only one team.
- All the required tools for overhaul will be provided.
- The judges' decisions are final.
- The organizers have the right to modify the event's rounds as needed.

Judging Criteria:

- Precision
- Time management
- Attention to detail.
- Problem-solving ability

Escape Room

About the event:

An event that unleashes the detective in you. With a few technical skills and a keen sense of observation, you must escape from the grasp of your kidnapper. Your basic chemistry and biology knowledge along with your problem solving skills will be key to uncovering the secrets of the room.

Enter the room, decode who did it and escape!

Event Details:

Round 1: Screening Test

- A questionnaire that tests your knowledge of the fundamental sciences (physics, chemistry, and biology).
- A total of 30 minutes will be given to complete the questionnaire.
- The top 10 teams with the highest scores will progress to the next round.

Round 2: Protocol hunt

- In this round, the remaining teams will need to scavenge for clues that will lead them to the room in the final round.
- The first three teams that collect all of the clues will be the finalists for the event.

Round 3: Escape Room

- The finalists will be trapped in the room.
- They must find their way out by solving simple experiments that will lead them to the key that solves the mystery.

Rules and Regulations:

- Participants can enter the event only as a team of 2 members.
- Usage of smartphones or any other gadgets are not allowed.

Judging Criteria:

- Two teams will be declared as winners.
- The organizers' decision will be final.

Ever Hunt

About the event:

Join us for a fun filled day of science exploration and puzzle solving! In this interactive event, participants will be challenged to use their scientific knowledge and problem-solving skills to solve a series of puzzle and challenges.

Event Details:

Round 1: Puzzle Round

- Each team will be given a puzzle to solve and one person from the team need to solve the puzzle.
- A total of 5 minutes will be given to complete this round.
- Top 10 teams completing the puzzle in minimum time will be selected.

Round 2: Hidden Object Round

- This will be a hidden object round where one of the team members needs to find all the objects given.
- A total of 30 minutes will be given to complete this round.
- Only 3 teams that can gather all the objects in less time will be allowed to proceed to the final round.

Round 3: Experimentation Round

- Two members from a team need to perform a series of biology experiments.
- Team completing the experiment early with more accuracy will win.

Rules and Regulations:

- Participants can enter the event only as a team of 3 members.
- Use of smartphones are not strictly prohibited.
- Time guidelines to be strictly followed.

Judging Criteria:

- Top 10 teams completing the puzzle within the given time will qualify to the next round. Top 3 teams finding maximum objects will qualify to the final round.
- Team completing the experiment in less time will win.
- The organiser's decision will be final.

Intellectium

About the event:

"To expect the unexpected shows thoroughly a modern intellect."

It's always the small pieces that make the big pictures. Here is a chance for you to solve the puzzles and to bring out the ideas in a paper by using your creative and competitive thinking skills.

Event Details:

- Write an original paper on any research topic related to Civil Engineering, Mechanical Engineering, Electrical & Electronics Engineering, Electronics & Communication Engineering, Computer Science, or Information Science Engineering.
- The paper presentation should be in the IEEE latex double-column format.
- The abstract must be mailed to intellectiumevent23@gmail.com by 3 days prior to the event.
- The Power Point presentation that the contestant will be presenting should be mailed a day prior to the event to avoid any kind of technical issues during the event
- Two hard copies of the research papers must be brought on the day of event
- Oral presentation with PowerPoint should be presented for a maximum of 6 minutes.
- Question and Answer session by the judges will be held for duration of 2 minutes.

Rules and Regulations:

- Time restrictions must be strictly adhered to, and any extension can lead to deduction of marks.
- Participants can enter the event only as a team of 3 members, and must be of same college. · The paper presented must be original.

- Papers submitted can be review papers or paper written after a certain amount of original research.
- The decision of the judges will be final.

Judging Criteria:

- The judgment will be carried out on the basis of presentation skills and creativity on paper.

Lakshman Rekha

About the event:

A competition played by one or two teams at a time, with each team consisting of one Wireless Bot.

Build a bot capable of racing on a track following the path of the arena in the shortest period of time.

Rules and Regulations:

- Every team must consist a minimum of 3 and maximum of 5 members.
- Each round will have a different map which will be disclosed on the day of the event.
- Round specific rules will be explained just before the start of that particular round.
- All the rounds will have black line/trajectory on white arena.
- One robot cannot be shared by two or more teams.
- Robot cannot be ready-made.
- Once a robot has crossed the start line it must remain fully autonomous, else the team will be disqualified.
- The width of the trajectory of the arena is approximately 3 cm.
- The recommended dimensions for the bot are 20cm x 20cm.
- Participants should arrange their own batteries, and charging equipment's.
- The robot must remain intact until results are announced.
- The verdict of the judges is considered final and no arguments will be entertained.

Judging Criteria

- The judgment will be based on build, efficiency, speed and time taken of and by the bot.
- **Score = (Time taken to reach finish line) + (penalty).**

Perplex

About the event:

Do you know a little more biology than “Mitochondria is the power house of the cell” and a little more chemistry than “A mole is equal to 6.022×10^{23} atoms?” Then you are in for a treat with Perplex. Come push your knowledge, task handling capabilities, and time management skills to the limit with perplex.

Event Details:

Round 1: Preliminary Screening

- Quizzes and crossword puzzle comprise of questions related to chemistry and biology.
- The top 8 teams will be selected for the next round.

Round 2: Instrumentation Round

- Small tasks related to basic lab instruments.
- Based on the accuracy and performance of task points will be given.
- Four teams will be qualified for the next round.

Round 3: Experimentation Round

- A time-based round. Teams will be given a set of experiments to be completed at the earliest.
- The team which completes all the given experiments first shall be the winner.

Rules and Regulations:

- Participants can enter the event only as a team of 2 members.
- Any number of teams can participate in preliminary round.
- Obey the volunteers as they guide you.
- Participants should carry all the stationary items for the first round.

- Materials and procedures for all the experiments will be provided.
- Lab equipment should be handled with care.

Judging Criteria:

- Each round has its own judging criteria.
- The top eight teams scoring the highest pointers in round one will proceed to round two.
- In the second round, the top four teams will be selected based on the handling of the
- Equipment and the accuracy of results.
- In the third round, judgement will be based on the time and accuracy of results.
- Judge's decision is final.

Locked In Reality

About the event:

'Locked in Reality' is an exciting technical treasure hunt & escape room event that challenges participants to use their programming and computer skills to decipher and solve complex puzzles related to a virus outbreak. So, come, feel the thrill with your team of 3, while putting your technical and problem-solving abilities to the test!

Event Details:

Round 1: Technical Escape Room

- Teams will be locked in a room and given a set of clues to solve.
- Clues will require participants to use their programming skills & knowledge to decipher and crack the code.
- The teams that escape the room in the fastest time will qualify for the next round.

Round 2: Technical Treasure Hunt

- Each team will be given a trail of clues to solve, requiring participants to use their
- computer skills & knowledge to decipher them.
- The team to reach the destination first to find the treasure, is declared the winner.

Rules and Regulations:

- Participants should not engage in any behaviour that is unsafe or violates any college policies or regulations. If found so, organizers can disqualify the participants.
- Participants should respect each other and the event organizers.
- The event organizers will provide all necessary equipment and materials.

Judgment Criteria:

- The team that reaches the destination first and finds the treasure will be declared the winner.

Organizer Details:

Pitch Pit

About the event:

Pitch Pit is an exciting event that offers aspiring entrepreneurs a platform to showcase their ideas and receive valuable feedback from seasoned investors and business experts. This event presents an outstanding opportunity for entrepreneurs to expand their network and increase exposure for their ideas, while also allowing investors to discover promising new businesses and potential investments. Combining their experience with your creativity, the possibilities are endless. Don't wait any longer, take the plunge and pitch your way to success!

Event Details:

Round 1: Technical Poster Presentation

- Teams will have 60 minutes to prepare a one-page technical poster (1m x 1m) on the day
- of the event.
- Posters must be submitted within the given time limit.
- Team and member identification must be excluded from the posters to avoid
- disqualification.
- Top 14 teams will be selected to advance to Round 2.

Round 2: Beta Idea Release

- Teams must submit a 2-minute video of their idea within 2 hours of Round 1 results
- announcement in MP4 format.
- The video should be of good quality for proper judging and must be prepared before the event.
- Posters and videos will be uploaded on an Instagram page, which will be informed by
- the organizers at the venue.

- Top 7 teams will be selected based on Instagram likes and jury decision marks (50-50 ratio).
- In case of a tie, the team with the highest points from judges will win.

Round 3: Idea Presentation

- Teams must make an 8-minute PPT presentation and technical pitch to the jury, followed by a 4-minute Q&A session.
- Presenters must not promote any existing products, companies, or resources during the presentation.
- Team and member identification must be excluded from the PPTs, except for the first slide containing the idea/product name.
- PPTs must be submitted to the organizers one hour before the event.
- Only one member is allowed to present, while the other two may assist with slide changes and participate in the Q&A session without orally identifying themselves.
- The top 2 winners will be announced.

Rules And Regulations:

- Registration for the event will be open until one hour prior to the commencement of the event.
- The idea presented by each team must be technically related to the field of Engineering.
- Teams must consist of three members.
- Each team will be assigned a unique identification number by the organizers on the day of the event.
- Plagiarism in any form will lead to immediate disqualification.
- The decisions made by the judges will be considered final.

Judgement Criteria:

- Idea needs to be related to Problem solving in Engineering Field
- Creativity and uniqueness of the idea

- Soft skills and presentation
- Thorough knowledge about the product/idea

Queriverse

About the event:

Queriverse is an event focused on showcasing participants' skills in database management. It is a team-based competition where groups of two compete by demonstrating their proficiency in technical rounds related to database management, utilizing platforms such as MYSQL, MS SQL, Oracle and DB2. This event recognizes the importance of DBMS as a crucial technical requirement in contemporary engineering fields.

Event Details:

Round 1:

- This round will feature a technical database quiz.
- The quiz will comprise of multiple-choice questions, True/False statements, fill-in-the-blank questions, and matching questions.
- Time limit: 45 minutes
- The questions included in the quiz will cover various topics related to database management, including commands, schemas, queries, types, and other pertinent terminologies.
- There will be tie breaker questions, which will be evaluated if in case of a tie.

Round 2:

- The contestants must complete a set of tasks involving the following topics:
 - o ER to Relational mapping.
 - o Database design by Normalization
 - o Inference rules problem solving
 - o Serialization problems
 - o Writing constraints on an ER diagram and reconstructing it based on a given story.

- The ones who provide the most accurate answers in the fastest time possible advance to the next round.

Round 3:

- The contestants would have to utilize the provided online platform to solve the given queries.
- Winner will be declared based on total score.
- If a tie arises, the submission time will be considered to decide.
- Time limit: 2 hours

Rules and Regulations:

- A team should have 2 members.
- The use of cell phones or any other electronic gadgets are prohibited.
- Communication with neighbouring teams is not allowed.
- Organizers have final decision in case of conflicts.

Judging Criteria:

- Accuracy
- Speed
- Efficiency
- Subject knowledge

Robo Race

About The Event:

Come let your robots do the running and your skills do the talking in the Robo Race this Incridea.

Event Details:

Round 1:

- A race bot will have to travel in a terrain with obstacles like humps, elevation, and the bot to cross the finish line the quickest will be qualified to the next round.
- If a bot topples or goes out of the track, then it needs to start over from the previous checkpoint.

Round 2:

- A bot will face several difficult terrains and will have to perform few tasks, and based on the time taken to cross the finish line performing all the tasks, the winner will be declared.

Robot Specifications:

- The robot's dimensions should not exceed 30cm X 25cm X 25cm (l x b x h)
- The weight of the bot should not exceed 3kgs. However, a tolerance of 5% is acceptable.
- The robot can be powered on board or off the board.
- The potential difference between any two electrical points on the robot must not exceed more than 24 volts throughout the run.
- The coordinators will not be responsible for any kind of electromagnetic interference in wireless communication.

Rules And Regulations:

- Only students from the same college can form a team.
- You must present your college ID while registering.
- An individual cannot be a member of more than one team.
- A robot cannot be shared by two or more teams.
- The robots cannot be constructed out of ready-made kits available in the market.
- The robot should follow the specifications provided. Any deviation from the mentioned specifications will lead to disqualifications.
- No practice run will be allowed on the main track.
- Both wired and wireless bots are allowed.
- The team to complete the whole track in the least amount of time will be the winner.
- The structure of the robot must not be changed during the competition.
- If the robot falls off any obstacle or is immobile, it will be placed back at the previous-checkpoint crossed with a penalty.
- Pulling the robot with connected wires on track will lead to disqualification.
- The robot should not be disassembled until the results are declared.
- The time measured by the organizers will be final.
- Team limit: 4 members
- The final decision lies in the hands of the coordinator. Coordinator reserves the right to change the rounds and the rules on the day of the event.
- If the participant misbehaves or does not obey the rules and regulation of the event, the coordinators have the right to disqualify the participants.

Robo Soccer

About the event:

Memorable events such as Messi's notable debut for Barca, Ronaldo's triumphant hat trick during his homecoming, and Chhetri's iconic goals in the blue jersey have left a lasting impression. However, it is time to embrace innovation and elevate your bots to the same level of excellence as legendary athletes such as Ronaldo, Beckham, and Messi, thus shaping a new era of excellence at Nitte. Robo soccer: when the players are made of bolts and bytes instead of bones and muscles!

Event Details:

Round:

- In the beginning, a toss will decide the first hold over the ball. The winner of the toss will get possession of the ball at the centre of the arena, whereas the opponent will have to defend the post.
- The match will consist of two halves.
- The duration of each half will depend on the type of match as follows:
 - o Initial knockout matches: 2 minutes
 - o Quarter and semi-final: 5 minutes
 - o Final: 5 minutes
- In case of a draw, extra time of two minutes will be given.
- Registration fees – Rs.250 per bot (excluding Incridea registration fees)

Bot Specifications:

- Bots can be wired or wireless. Wireless bots should have a minimum range of 12 feet.
- Wires must be sufficient to reach all corners of the arena.
- The potential difference between any two electrical points on the robot must not exceed more than 12 volts throughout the run.

Bot Dimensions:

- Length \leq 30 cm
- Breadth \leq 30 cm
- Height \leq 30 cm (5% tolerance allowed on length, breadth, and height)
- Weight: 5 kg (Tolerance of 10%)

Arena Specification:

- Will be revealed on the day of the event.

Rules and Regulations:

General rules:

- Maximum of 4 members and minimum of 2 members per team
- Members of the team must belong to the same institution.
- Students from different colleges cannot form a team.
- Maximum of 3 teams are allowed from each college (does not apply to home college)
- The students must carry valid student ID cards of their college which they will be required to produce at the time of registration.

Specific rules:

- The soccer bot can only transform to its size at the beginning.
- It cannot be divided into multiple parts later.
- Once the weight of the bot is finalized, no modifications to the weight will be allowed.
- The weight of the bot will be checked before starting each match.
- Each team will be given a time span of 2 minutes at the beginning of each half to make any changes or modifications to the bot (modification in weight is not allowed).
- At the beginning of the match, the bot must touch or hit the ball within 10 seconds. If it fails to do so, the opponent can move their bot.
- If the bot becomes immobile during the match, the team will first be given 60

seconds to fix it without any loss of points.

- If the team fails to fix it in 60 seconds, another 60 seconds will be given at the expense of 1 point.
- If the team does not repair the bot within this time, then it will be disqualified.
- No stalling of any kind is allowed.
- All the bots must have their own power supply.
- Bots will be analysed by the referee before each match. They will select or reject the bots, taking into consideration the rules and dimension limits.
- The match will be paused in case of any entanglement of wires of both bots. If the ball is immobile for 10 seconds, then the game will be reset, and the ball will be declared as a common ball.
- The ball may not be lifted in the air by the bot.
- In case only one team is disqualified, the opponent team wins by default.
- The decisions taken by the referees will be final.
- In case of any disputes, the decisions of the referees or event managers will be final.
- For participation, each team should have their own bot of specified dimensions.
- Ready-made kits are not allowed.
- A team is not permitted to compete with more than one bot during one match.
- Only 2 members of each team may be present at a time in the arena.
- If the bot is wired, one member will be the controller of the bot, and the other will hold the wire.
- The structure of the robot should not change during the competition (e.g., if you have a wedge at the front, you can't convert it into a claw or vice versa).
- The organizers will not be responsible for any kind of electromagnetic interference in the wireless communication.
- One member of the team must be present near the arena, or the room provided at any given time.
- Teams must be ready before the mentioned time.

- A warning will be given after every 2 mins of calling the team, on the third call the team will be disqualified.
- The bot should not be disassembled until the results are declared.
- If a foul is committed, and a goal occurs before the play is restarted for the foul, the goal is not counted.
- Pulling the bot with connected wires on the arena will lead to disqualification.
- All the decisions taken by the organizing team will be deemed final, and no further changes will be encouraged. They will hold full authority to change any of the above rules as per the circumstances.

Judging Criteria:

- Each goal scored by a team will result in 4 points being awarded.
- If the bot causes major damage to the arena, the ball, or the opponent bot, 2 points will be deducted.
- If the bot hits the ball out of the arena, 2 points will be deducted from the responsible bot.
- A warning will be given for not following the rules and 2 points will be deducted for each subsequent warning.
- The winner of the competition will be declared based on the points scored.

Sandometry

About the event:

Are you ready to showcase your exceptional abilities in geometry and foundry sand manipulation? Join us for an exciting challenge that requires the highest level of craftsmanship and ingenuity. This task demands expertise in geometric principles to create an intricate mould model that will undoubtedly demonstrate unparalleled results. We invite you to prove your god-like creation skills and take on this challenge, which promises to be a highlight of the event.

Event Details:

Round 1:

- The first round will be a picture quiz.
- It will test your knowledge about the foundry and mechanical tools.

Round 2:

- Find the volume of given complex 3D model.

Round 3:

- The third round will involve foundry modelling.
- Tool usage demo will be given.

Rules and Regulations:

- Each team must have two members.
- Only teams that achieve a passing score in round 1 will move on to round 2.
- The team that can calculate the volume of a given 3D model in the shortest time interval will advance to round 3.
- The materials required for round 3 will be supplied.
- The judge's decision is final.

Sherlocked

About the event:

Don your trench coats and magnifying glasses. Work your brain to its full potential as you journey through all the facts and information and emerge victoriously. An event to portray how erudite and witty you are to read between the lines. Do you have what it takes to unlock the SHER-LOCKED?

Event Details:

Round 1: The East Wind is imminent

"The east wind is coming to get you" and only the clever survive.

- Includes a set of mystery cases, puzzles, and simple questions on aptitude and general knowledge.
- Top 8 teams shall be shortlisted for the next round.

Round 2: Be on the lookout, will one lead to another!?

- The participants will have to perform a set of tasks and go in search of clues that will take them a step closer to solving the murder mystery.
- Top 4 teams will advance to the final round "The Beginning is the End!"

Round 3: The Murder Mystery!

If you've made it this far, don't you think you can make it till the end!?

- The final quest is on! Ignorance of obvious things can cost you your final output! Are you a keen observer? If so, then go ahead and solve this final round. Let's meet at the decrypted state.
- What is it that you think you possess to unravel the mystery? Crack the cryptic and provide justice because that's what a detective does.

Rules and Regulations:

- Participants can enter the event only as a team of 2 members.
- Only students pursuing an engineering degree are allowed to participate.
- The teams must adhere to the spirit of healthy competition.
- Use of calculators and mobile phones isn't allowed unless specified for the final round. The decision of the judges will be final.

Judging Criteria:

- Round 1: Top 8 teams with the highest scores will advance to the next round.
- Round 2: The first 4 teams to complete all the tasks will advance to the next round to solve the murder mystery.
- Round 3: Decrypt the message, find the murderer and VICTORY!!

Shortcut Showdown

About the event:

The Keyboard Shortcut Competition tests speed and efficiency in using shortcuts across common software applications. Multiple rounds focus on applications like Microsoft Word and Excel. Participants complete tasks using only keyboard shortcuts, earning points for speed and accuracy. The competition is open to all skill levels, providing an opportunity to improve and challenge oneself.

Event details:

Round 1: Beginner

- Text typing: Participants could be asked to type out a sample paragraph or create a new document using keyboard shortcuts.
- Basic application usage: Participants could be asked to open and close basic applications such as Notepad, Calculator, and Paint using keyboard shortcuts.
- File management: Participants could be asked to create, move, and delete files and folders using the keyboard.

Round 2: Intermediate

- Window management: Participants could be asked to arrange and switch between open windows using keyboard shortcuts, etc.
- Text editing: Participants could be asked to copy and paste text, format text using styles and fonts, and manipulate text in applications such as Microsoft Word and Excel.
- Advanced file management: Participants could be asked to use keyboard shortcuts to perform advanced file management tasks such as renaming multiple files at once or using the file search function.

Round 3: Advanced

- Email management: Participants could be asked to manage and organize their email inbox using keyboard shortcuts.
- Virtual desktops: Participants could be asked to create and switch between virtual desktops using keyboard shortcuts.
- Advanced text editing: Participants could be asked to use keyboard shortcuts to perform advanced text editing tasks such as using macros or performing advanced search and replace operations.
- Terminal usage: Participants could be asked to navigate and manipulate files in a Linux or Unix terminal window using keyboard commands.

Rules and regulations:

- Organizers will introduce random twists and challenges in the middle of the rounds.
- No collaborating or communicating with neighbouring contestants.
- Time constraints will be imposed on each round, depending on the complexity, and will be informed on the spot.
- There will be disabled keys/hidden keys in certain rounds.

Judging criteria:

- Accuracy
- Efficiency
- Speed
- Skill
- Multi-tasking
- Complexity

Techtainment

About the event:

Techtainment is an event that will keep you on your toes while storming your technical capabilities. This event consists of four rounds, which is the combination of both coding and fun games.

Event Details:

Round 1: Quizzie – buzzie

- An aptitude test based on basic mental skills and simple technical questions
- The time allotted for the questionnaire will be 25 minutes
- The top 20 teams will be selected to go to round 2

Round 2: Techno-word cross

- Each Team will be given a technical crossword puzzle which they need to solve in the given time
- Those teams that find the most words will proceed to the next round
- The top 12 teams will advance to the next round

Round 3: Code Cup Pyramid

- The first player will be given the cups and it has to be arranged in a pyramid fashion. Once the pyramid is complete, code snippets will be given to the second player and is asked to solve it.
- The teams that complete this round in least time will proceed to the next round.
- The top 6 teams will be selected for the next round.

Round 4: Brainy Code Breakers

- The top 6 teams will be given a set of coding questions which they need to solve but before attempting one, they need to overcome an obstacle and then, they'll be allowed to solve the questions.
- Both the members of the team can solve the problem and the riddle.

Rules and Regulations:

- Participants can enter the event only as a team of 2 members.
- Any kind of foul play by any team will lead to disqualification

Webbed

About the event:

Creating a website may be a straightforward task, but designing a website that is visually appealing and user friendly requires a certain level of expertise. “Webbed” presents an ideal opportunity for web development enthusiasts to put their design and coding skills to the test. This competition, which consists of three rounds, challenges teams of two to showcase their abilities and creativity in web design.

Event Details:

Round 1: Preliminary Round or Aptitude Round

- A web development quiz centred around HTML, CSS, and JavaScript will serve as the criterion to select teams based on the points earned.
- The assessment will comprise of a total of 30 questions, and participants will have a time limit of 25 minutes to complete the quiz.
- The quiz will primarily focus on assessing the knowledge and proficiency of participants in these key areas of web development.

Round 2: Cloning

- During the second round, the teams will be required to develop a webpage that closely resembles the provided template.
- It is the responsibility of each participating team to accurately translate the given template into frontend code.
- Time constraint for this round will be 2 hours.
- The teams will be evaluated based on their ability to replicate the template within the given time constraints, and their scores will determine their eligibility for the final round.

Round 3: Theme Based Round

- During the third round, the qualifying teams will be given a THEME to base their webpage design on.
- These teams will have to create a webpage from scratch within the given time limit of 2 and a half hours.
- The team whose webpage design is closely related to the given THEME will be given consideration.

Rules and regulations:

- The event is contested in teams of 2.
- Use of personal electronic gadgets are strictly prohibited.
- Organizers have final decision in case of conflicts.

Judging criteria:

- Accuracy
- Creativity
- Understanding of web development concepts
- Innovation

Wired!

About the event:

Are you an electronics geek? Do you want to test your circuit building skills and be a winner? Then Wired! is the place you should be. Come, show us what you've got!

Event Details:

Round 1: Electro-puzzled

- A crossword puzzle, consisting of technical terms related to electronics.
- The teams should try to find the words in 20 minutes.
- Top 10 teams which have found the highest number of words will go on to the next round.

Round 2: Tech-charades

- The selected teams will be given a time duration of 3 minutes, one person of the team will be given terms related to electronics.
- The other person of the team should guess the term from the clues given by his teammate.
- The clues should consist of characteristics and applications of the term.
- Top 4 teams go to the next round.

Round 3: Debugged!

- The selected teams will be given 2 analog circuits with errors in it.
- The team which provides the desired output in the least time wins.

Rules And Regulations:

- This is a team event with each team consisting of only 2 members.
- All the teammates are required to be present for further rounds.
- Use of internet or any kind of external reading materials/textbooks will be strictly prohibited.

- College ID is compulsory.
- Organizers will contact the teams selected for higher rounds.
- Participants are expected to abide by the basic ethical norms and requirements of the event

Judgement Criteria:

- Participants will be judged based on the rounds by the organizers.
- Judging criteria varies in each round.
- In case of any complications the lecturer in charge would intervene to judge the qualifier round.

XORdinary

About the event:

XORdinary is an event where you showcase your Logic design knowledge and in final round you rig up a Logic design circuit using given components in such a way that you get the required output.

Event Details:

Round 1: Aptitude Round

- It will be an MCQ based written round.
- There will be 30 questions, to be answered in 30mins.
- The questions will be based on aptitude and DSD/LD.
- The teams which get most answers correct will proceed to the next round.

Round 2: Visual Round

- The teams will be given basic ICs and will be asked to identify the gates using trainer kits.
- The teams which identify most ICs in the shortest time will be selected for next part of the round.
- Round 3: Final Round
- In the final round, the teams will be asked to build a circuit and get the required output. The ICs and patch cords will be provided for rigging up the circuit.

Rules and Regulations:

- Participants can enter the event only as a team of 2 members.
- The event will consist of 3 rounds.
- The participants should bring their own calculator and multimeter if necessary.
- A4 sheets will be provided for rough work.
- The use of smartphones are strictly prohibited.

Judging Criteria:

- The judgement of first round will be based on the cut-off score, time taken and output produced by the circuit.

Robo Wars

About the event:

The outcome of war is not based on who is right but rather on who is left standing. Are you enthusiastic about bots? Or do you enjoy witnessing destruction? Embark on the journey to greatness by indulging in fierce combat, intense bot battles, and flying blades. Merge your technical expertise with your inner warrior to achieve ultimate victory or risk your bot ending up in the scrapyard. Strategize your fights, stay composed, and hope for the best, because Robo-Wars has reached new heights of craziness in its latest version!

Event details:

Match details:

- The aim of the match is to demolish and immobilize the other bot. The competition is played on a knock-out basis.
- Each match consists of 2 rounds of 3 minutes each with a 1-minute time gap between subsequent rounds.
- Each team has a maximum time-out of 4 minutes for the entire match.
- If neither bot can demolish or immobilize the other after both rounds, the winner will be selected based on points and damage incurred by both teams.
- Any change in the rules by the judge shall be intimidated to the teams in the event arena.

Bot specifications:

- The maximum weight of the robot, excluding the remote control and control wires, is 45 kg with a tolerance of up to 10%.
- The bot must fit within the dimensions of 600mm x 600mm x 600mm.

- Both wired and wireless bots are permitted.
- On-board battery-powered robots' weight will be considered.
- The bot should have minimal ground clearance to prevent damage to the arena.

Battery and Power supply:

- On-board and off-board power supplies are allowed.
- Batteries must be of the sealed, immobilized-electrolyte type, such as gel cells, lithium, NiCad, NiMH, or dry cells.
- The voltage between any two terminals in the robot must not exceed 36V, and there are no restrictions on power consumption.
- IC engines are not allowed in any form.
- If wired, the wire should remain slack under all circumstances during the competition.
- The wire length between the controlling device and the power supply and between the machine and the controlling device should be at least 5 meters.

Rules and regulations:

The bot must pass safety inspection before the event.

The organizers can change any or all the rules as they see fit.

Violation of any rules will result in immediate disqualification.

A bot will be declared immobile if it cannot exhibit a linear motion of at least one inch within 20 seconds.

A bot with one side of its drive train disabled will not be counted out if it can demonstrate some degree of controlled movement.

Teams not ready when called for battle will be considered to have declared a walkover and will receive no points.

Splitting the bot into two sub-units is not allowed.

- Minor damages to the arena will result in negative points based on the degree of damage.
- Bots causing major damage to the arena will be disqualified.
- The bot should not violate the specified design criteria.
- Safety rules must be followed, or teams will be disqualified.
- The judges' decision will be final and binding.
- External contestants should preferably register before the event. Spot registrations are also permitted.

Judging criteria:

- Pin
- Ram
- Topple
